HUMAN AGE AND GENDER CHARACTERISTICS IN SPEECH CULTURE

Pakiza Shamsiyevna Isamova*

*Associate Professor of Pedagogy and Psychology,
Candidate of Pedagogical Sciences,
Uzbek State University of World Languages,
UZBEKISTAN

ABSTRACT

Communication can also be taught by working with speech. For example, trainings such as reading a poem aloud and telling a story also help to form communication. It will be easier to teach preschoolers to communicate during play activities. The importance of combining playful and non-playful forms in teaching communication is great: the introduction of informal speech elements. Use games at the moment. In them, one of the students plays the role of a speech organizer.
