### ABSTRACT

*Ensuring the independence of the country in the liberalization and modernization of the economy, the development of all branches of the national economy and the increase in production efficiency is one of the priority tasks. To date, the provision of political and macroeconomic stability, the guarantee of the protection of the rights of foreign investors and the creation of a system of broad preferences are one of the priorities of the country's investment policy. It is worth noting that when placing joint ventures with the participation of foreign investments in the region, it is important to take into account the natural resources and economic geography of the region, the way of life of the population, its qualifications, mentality.*
