**ABSTRACT**

*The article discusses the age factor in the formation of a linguistic personality, its specific features. The literary text analyzes lexical means in the formation of linguistic personalities that differ according to age characteristics. A portrait of a linguist is analyzed on the example of materials from the works of Uzbek writers. The literary text highlights the importance of the units used in the speech of a linguistic person in achieving a pragmatic goal.*

**KEYWORDS:** *Anthropocentric Linguistics, Lingvopersonology, Linguistic Personality (Yazykovayalichnost), Speech Act, Pragmatic Goal, Pragmatic Barrier, Pragmatic Knowledge, Implicitism, Age Factor.*
