ABSTRACT

The article discusses the significance of the content of the new education provided in the state educational standards established in our country in developing individual qualities such as observing, creative thinking, initiative, literal and musical taste as well as increasing knowledge and skills. The future of the younger generation depends in many ways on the teacher's potential, professional training, teaching and educating students, and passing on this musical and cultural heritage to the next generation as we inherited it.

KEYWORDS: *Music, Classic Music, Competent Generation, The Youth, Music Culture.*
